New Physician Joins Barrington Orthopedic Specialists

HOFFMAN ESTATES, IL, June 2, 2008 – Barrington Orthopedic Specialists is proud to welcome Brooke A. Belcher, M.D. Dr. Belcher is a physiatrist who is Board Certified in Physical Medicine and Rehabilitation. She specializes in Non-Surgical Treatment of Spine and Musculoskeletal Injuries, Diagnostic/Therapeutic Spine Procedures and Electrodiagnostics such as EMG and NCS.

Physiatrists are nerve, muscle, and bone experts who treat injuries or illnesses that affect how people move. She has completed training in the medical specialty physical medicine and rehabilitation (PM&R). She attended Wayne State University School of Medicine, completed her residency at The Ohio State University, and completed an Interventional Spine, Sports, and Pain Fellowship at Lags Spine and Sportscares in Santa Maria, California. Dr. Belcher treats a wide range of problems from sore shoulders to spinal cord injuries. Her goal is to decrease pain and enhance performance without surgery.

Physiatrists, or also called Rehabilitation Physicians, take the time needed to accurately pinpoint the source of an ailment. They design a treatment plan that can be carried out by the patients themselves or with the help of the rehabilitation physician's medical team. This medical team might include other physicians and health professionals, such as neurologists, orthopedic surgeons, chiropractors, and physical therapists. By providing an appropriate treatment plan, physiatrists help patients stay as active as possible at any age. Their broad medical expertise allows them to treat disabling conditions throughout a person's lifetime.

For over 29 years, Barrington Orthopedic Specialists has been a cornerstone of orthopedic care for patients in the northwest suburbs. With locations in Bartlett, Hoffman Estates, Buffalo Grove and Elk Grove Village, the fifteen physicians and clinical staff specialize in surgical and non-surgical orthopedic treatment, physical rehabilitation, radiology and MRI services, and wellness services.
